

Welcome to the Proceedings of the 18th International Symposium on Unmanned Untethered Submersible Technology (UUST 2013)

The Basics of Navigating in the Proceedings USB drive:

The UUST 2013 Proceedings was made using Adobe Acrobat 6.0. If you are using a reader older than 6.0, you may experience difficulties opening some files. You can download free Adobe Acrobat Reader software from <http://www.adobe.com/products/acrobat/readstep.html>.

There are several ways to access the papers:

- Use the Table of Contents and click on the paper you wish to view. To return to the Table of Contents from a paper simply click on the title of the paper.
- Use the Bookmarks Palette; expand the bookmark hierarchy by clicking the plus sign (+) to open (click the (-) to collapse the list again) and click on the paper you wish to view.
- By pass the Table of Contents and open the Papers folder and double click on the author's name.

To Navigate through the Proceedings USB drive:

To return to the Table of Contents, open the bookmark palette (either click the show/hide navigation pane button and click the bookmarks tab or choose window > show bookmarks) and click on UUST Table of Contents.

Using the search command:

The search command allows you to perform a search on all UUST papers. You can search for a simple word or phrase

Choose Edit > Search > Query

Type the word or phrase you want to search for in the Find Results Containing Text box. The search returns a list of documents containing items that match your search query. The results are displayed in the Search Results window. When you open a document in the list, you view only pages containing matches. Documents more likely to contain relevant information are listed first on the list. To view double click the document name to open the document.

If you have any questions or concerns regarding this Proceedings USB drive, please contact the Autonomous Undersea Systems Institute at 603-868-3221 or ausi@ausi.org.
