MHS-WMS FreeWave Ruggedized Radio Mounting Shoe Instructions

Parts list:

Your kit includes the following:-

Qty	Description
1	Mounting shoe for enclosure
4	Screw #8 x 3/4" self tapping

Installation instructions

Secure the mounting shoe to the desired surface using the 4 self tapping screws provided, utilizing whichever of the available hole patterns as so desired. Ensure the mounting shoe is oriented with the cut-away for the front of the radio facing the required direction.

To fit the radio, simply snap the radio, feet first, into place ensuring the front of the radio aligns with the cut-away.

Removal instructions

To remove the radio, lightly force one of the locating "ears" outward and remove the radio.

Radio orientation

The mounting shoe has been designed to securely grip the radio, allowing it to be mounted either horizontally or vertically.
