Engineering Change Order (ECO)

ECO #: ECO-50293-001

Effective Date: August 25, 2016

Title: Yaw Damping Fin Material Callout

Author: Katie Bentley
 Engineering Approval: aeg
 Operations Approval: JJV

Date: August 25, 2016
 Date: September 1, 2016
 Date: September 13, 2106

Summary:

The material callout for the Yaw Damping Fins (50293) and (50290) have been updated to specify double-sided carbon fiber sheet material.

Parts Affected:

Part Number	Notes	Removed	Added	Modified
50293	Yaw Damping Fin for Slim Mount	☐	☐	☒
50290	Yaw Damping Fin (P-Series, V-Series)	☐	☐	☒

Detail:

The material callout for the Yaw Damping Fins (50293) and (50290) have been updated to specify double-sided carbon fiber sheet material.

Action Item:

Action	Department	Acknowledgement Initials
Update drawings for 50239 and 50290 in PDM	Engineering	KB
Update part revisions in Epicor	Engineering	KB
Notify vendor of part revision	Purchasing	NS

Modified / Referenced Documents:

Document	Current Revision
50293 – Yaw Damping Fin for Slim Mount	B
50290 – Yaw Damping Fin (P-Series, V-Series)	B
