P/N #:	70273	Effective Date:	March 31, 2021
Title:	Update Epicor BOM to Match Existing Drawing/Assembly		

1.0 Purpose / Summary

The purpose of this ECO is to remove a part on the Epicor BOM so that it matches with the current BOM of the drawing in PDM.

2.0 Parts Affected

Part Number	Notes	Removed	Added	Modified	REV
70273	1 ATM IMU ASSEMBLY	☐	☐	☒	G
70540	10 position SMT receptacle Connector	☒	☐	☐	

3.0 Detail

The BOM in Epicor was found to have an old part still in it that needed to be excluded. We are removing 70540 from the BOM of 70273. This will rev the Epicor version to G which will match the current drawing and BOM.

No design modifications have been made, this was just to correct data entry in Epicor. Versions were rev'd for convenience to sync up Epicor, PDM, and the drawings cleanly.
