Engineering Change Order (ECO)

ECO #: ECO-CAH-001N4-001

Effective Date: March 7, 2017

Title: Pro4 camera module revision

Author: Cesar Hernandez
 Engineering Approval: aeg
 Operations Approval: aeg

Date: March 7, 2017
 Date: March 8, 2017
 Date: April 22, 2017

Summary:

Pro4 NTSC camera module was revised by manufacturer. REV.0 camera module will be implemented on all Pro4 NTSC camera assemblies.

Parts Affected:

Part Number	Notes	Removed	Added	Modified
CAH-001N4	Camera Package Front (Pro 4) (NTSC)	☐	☐	☒

Detail:

Pro4 NTSC camera module was revised by manufacturer. REV.0 camera module will be implemented on all Pro4 NTSC camera assemblies. Night mode sensing was removed on REV.0 module PCB, which is not used currently on Pro4 camera. This new revision will not affect current functionality of Pro4 camera.

Action Item:

Action	Department	Acknowledgement Initials
Notify Pro4 NTSC camera assemblers of the camera module (CAH-001NA) board revision. Provide ECO documentation to Pro4 NTSC camera assemblers.	Purchasing	NS
