Title:	Blade Mounting Hole Spacing MNP-031		

1.0 Purpose / Summary

The hole spacing called out on the drawing for MNP-031 was too narrow to mount the cutter blade. The hole spacing has been increased to allow the blade to be mounted without interference.

2.0 Parts Affected

Part Number	Notes	Removed	Added	New	Modified
MNP-031	Cutter Part Blade Holder	☐	☐	☐	☒

3.0 Detail

The hole spacing called out on the drawing for MNP-031 was too narrow to mount the cutter blade. The hole spacing has been increased to allow the blade to be mounted without interference.

The hole spacing was increased by 0.058"

4.0 Disposition of Material

If blades can be modified to fit the parts with incorrect spacing, those parts may be used without any issues. Otherwise, if blades cannot be easily modified, the parts will need to be scrapped.
