

	Engineering Chance Notice
Monterey Bay Aquarium Research Institute	Drawing: 1001431 Rev. B "IBC-Cerfboard Adapter"
7700 Sandholdt Rd.	Submitted by: Lance McBride
Moss Landing, CA 95039	Date: 4/22/02

Two changes were made to the IBC-Cerfboard Adapter (P/N 1001431) after the board was fabricated:

1. A ferrite bead was soldered between the Drain of Q1 and the pad where the drain connected
2. A 0.1uF ceramic bypass capacitor was soldered between the pin of J14.

	Manufacturer	Part Number
Ferrite Bead	Fair-rite	2508051217Z0
Bypass Capacitor	Kemet	C0805C104M5RACTU

1. ferrite modification	2. bypass capacitor modification
