

FOR IMMEDIATE RELEASE

**DeepSea Power & Light in Final Stages for Release of the 4K UHD Capable
Apex™ SeaCam®**

DeepSea Power & Light is elevating their HD zoom camera offerings with the upcoming 4K UHD capable Apex SeaCam. Both HD and 4K UHD configurations have 12x optical zoom, and HD output modes feature a lossless digital zoom which extends the zoom range to 24x.

The Apex SeaCam incorporates proprietary corrector optics with a low-distortion 70° horizontal FOV. Features include several HD formats and impressive sensitivity to lowlight with a faceplate illumination of 0.56 lux. Rigorously tested with over 10,000 pressure cycles to 10,000 psi during the design and qualification process, the titanium housing and optically polished dome are depth rated to 6,000 m.

A wide variety of supported connectors along with FleXlink™, fiber optic, and coax transmission methods make integration of this camera straightforward.

About DeepSea Power & Light

DeepSea Power & Light is a U.S. Company with 30 years of experience manufacturing underwater lights, cameras, batteries, and lasers for deep diving submersibles, ROVs, AUVs, offshore oil, and commercial divers.
