

Starfighter 1120-SSTA Optical Fiber Splice Tray

The Multilink Starfighter 1120-SSTA Optical Fiber Splice Tray is designed to safely route and store optical fiber and associated splices. The tray is fully compliant to industry specification Telecordia GR-769, *Splice Organizer Assemblies for Optical Fibers*. The 1120 series splice tray is designed to be installed into the Multilink FDU's or in the Multilink 1120-F Series Optical Fiber Splice Closure. The tray is one of a family of units that support fiber splicing.
