

Resolution On-Demand

When You Can't Afford To Miss A Thing.

The IQeye501 delivers high-speed IP video and great day/night performance in an attractive, low-profile package. Users can select the resolution they want, when they want it, from CCTV up to HDTV or even megapixel.

The IQeye501 is easy-to-install and easy-to-support. Its industrial design ensures reliable operation in even the most demanding network environments. Every feature-rich IQeye is flexible and can be custom tailored for your application. Its rugged package is ideal for the professional installation where plastic, consumer-grade products fall short.

From small systems using IQrecorder™ on-camera NVR software to enterprise-wide NVR/DVR systems*, the IQeye501 lets you capture all the details.

- Up to 1.3 megapixel resolution
- 30+ ips @ D1 / 20 ips @ HDTV
- LIGHTGRABBER™ low light technology
- Digital PTZ with no moving parts
- IEEE 802.3af - Power-Over-Ethernet
- Less than 3 watts of power
