Alana,

There are two sites worth of data in the latest log directory. In both sites:

data-08-optodes: 3 hours standard acquisition profile, full stirring
data-09-optodes: 3 hours standard acquisition profile, stirring 30 seconds on, 30 off
data-10-optodes: 3 hours standard acquisition profile, full stirring
data-11-optodes: 3 hours standard acquisition profile, stirring 60 seconds on, 60 off
data-12-optodes: 3 hours standard acquisition profile, full stirring
data-13-optodes: 3 hours standard acquisition profile, stirring 90 seconds on, 90 off
data-14-optodes: 3 hours standard acquisition profile, full stirring
data-15-optodes: 3 hours standard acquisition profile, stirring 120 seconds on, 120 off
