To : chuffard@mbari.org

Hi Chrissy,

The spare o-rings are \$7.00 ea. A 'set' would be three, so six o-rings in total would be needed if you want two spare sets.

Can you confirm whether the controller is aluminum or titanium? It won't change the price but will make sure we get you the correct o-rings.

If you want to order with a credit card, you can give me a call tomorrow or Friday. I am working from home today due to lots of snow :(

Thanks,
Alison
