Concept/PDR Phase 1 Review

1/31/2008 review is complete

We are in the shop with most drawings. The numbers look decent but we are slightly behind on build. Power budget testing is going very well. Monday 3/31 the group will review overall status and make a recommendation on May dive configuration.

Integrate and Test Phase 1

4/15/2008

One concern, we had a time delay in software and extra EE time due to Diamond boardset being switched to Lippert

Deployment Phase 1
