Why choose Telemecanique?

Flexibility - wide range of safety relays for all safety applications, and plastic or metallic safety switches to cater for all environments

Reduced installation costs - removable terminals and spacious housings make connection easier and quicker

New products - XCSDM3/4 coded magnetic switch Cat3/4, suitable for washdown areas, this safety switch features a built in safety relay

- Reduces cabling back to the panel
- More cost effective than buying separate safety switch and safety relay
