Subject: Re: Makai CTD values - 05/19/2015

Here's the data from Makai this morning. Note that I've pulled the CTD up near the surface in the SW corner. Unfortunately it hasn't taken another sample yet, though I'll send out an ammended note with new tank values if they change.

These values are closer than the other vehicles and I'll plan to do future readings in the same manner.
