

S251B Read Ranges Utilizing TI-RFID Standard Antennas

JDW - 06/2008

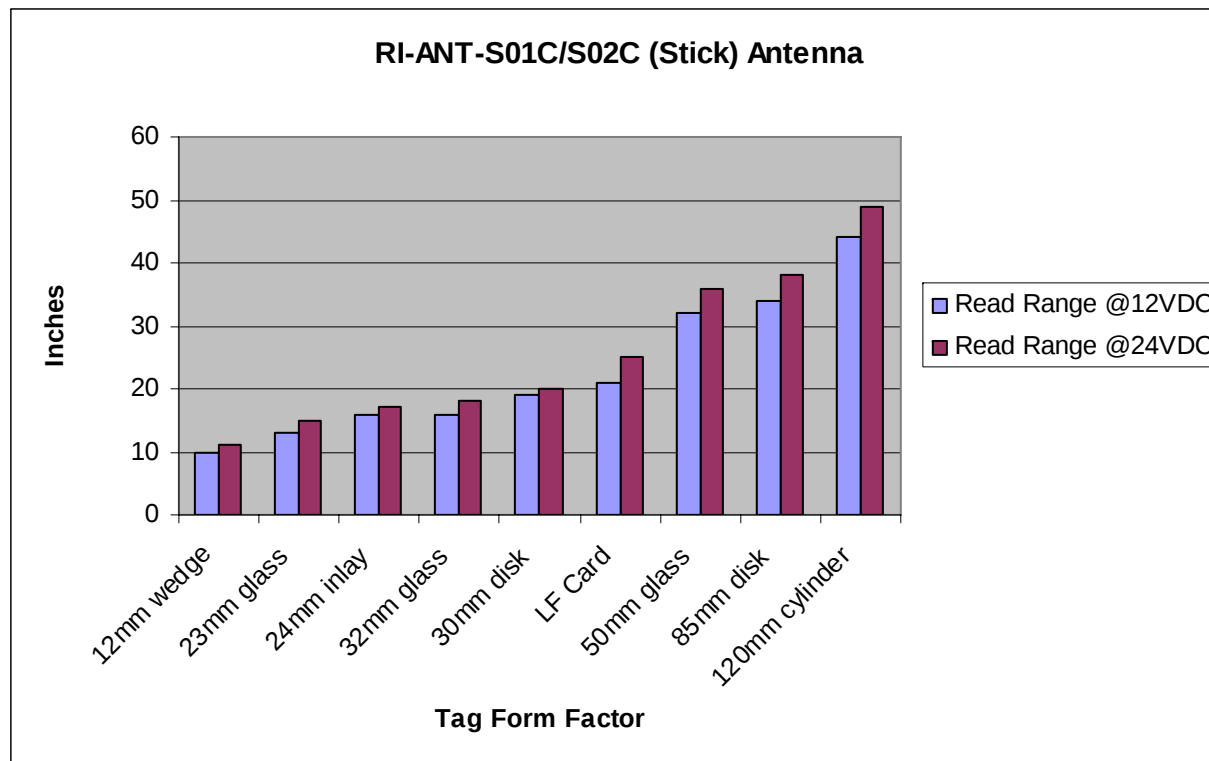

Technology for Innovators™

 TEXAS INSTRUMENTS

Test Configuration

- RI-STU-251B
- +12VDC power supply
- +24VDC power supply
- TI-RFID Standard Antennas
- TI-RFID LF Transponder family
- S2 Utility with ASCII protocol, in Line Mode
- Each antenna and tag tested for maximum read distance with the two different input voltages (+12VDC and +24VDC)
