Flotation Technologies Terms & Conditions Apply- see attached

***Waiver of Responsibility:** Your quotation has been based upon drawings and/or specifications you have supplied to Flotation Technologies, Inc. Using these specifications Flotation Technologies, Inc. may have based not only the price, but also other specifications that may be pertinent to your product or application. These specifications include, but are not limited to, size, shape, buoyancy, and/or weight. Flotation Technologies, Inc. makes no assertion of accuracy and takes no responsibility with regard to drawings and/or specifications provided by you. Upon final “for manufacturing” design, if any of the specifications have changed from those quoted, Flotation Technologies, Inc. shall inform you of these changes. Any and all engineering, manufacturing, repair, and/or shipping charges incurred by Flotation Technologies, Inc. due to errors within the drawings and/or specifications are the express responsibility of you, the customer.
