Terms of Offer: This quotation defines the terms of offer associated with your request. Any changes to the scope of this project not specified at the time of the RFQ (e.g.; PO requirements, witness samples, source inspection, etc.), will be determined at order placement and may require additional charges and/or schedule adjustments

- This Quotation is based on the information received and provides unit prices assuming that all parts are ordered together. Where unspecified, quoted prices assume the use of **Precision Quality Manufacturing Tolerances**. Optimax will review all tolerances before release to manufacturing. Optical components will be inspected as per the quoted **Quality Level**. We reserve the right to negotiate specifications that may impact delivery
- **To accept a PO and schedule delivery date(s), Optimax must receive the following;**
 - Pre-payment or documents indicating payment arrangements have been made
 - Purchase order referencing Optimax quotation and any applicable exceptions
 - Manufacturing drawings and specifications – preferable in a .PDF format
- **E-Drawing Formats:** Files that can be read with Adobe, AutoCAD, Solidworks, or Zemax are preferred
- **Optical Materials:** This quotation assumes that optical materials are available in the marketplace within one week at the time of order. Optimax may use equivalents as available, fine annealed, $n_d \pm 0.001$, $v_d \pm 0.8\%$ and homogeneity ± 0.0001 . Material data will be supplied.
- **Optical Coatings:** Optimax provides a wide variety of AR and Mirror coatings. This quote assumes a 1.0mm max rail mark, at two opposing positions, due to coating tooling. Where unspecified, coating reflectivity is taken as the average reflectivity calculated over the spectral wavelength range.
- **Packaging Options:** Standard packaging is included in the price of your parts. Please visit our website for details of our packaging and for alternate options available.
- **Delivery:** Quoted prices assume delivery will be a single shipment. Splitting deliveries may require additional coating charges.
- **DPAS Contracts:** This quote assumes that the project is *not* DPAS rated. Optimax reserves the right to re-evaluate pricing & delivery of all DPAS rated contracts.
- **Export Clearance:** Optimax's ability to ship items per this quotation is contingent upon compliance with US export regulations (E.A.R./I.T.A.R.). All exports are subject to commodity determination and, if required, an export license. **Mohawk Global Logistics is our Freight Forwarder of choice.**
- **Freight Forwarder:** Optimax will utilize the services of **Mohawk Global Logistics** as our forwarder of choice.
- **Order Acknowledgement:** A formal order acknowledgement is typically sent within one week of receipt of your purchase order. If you have placed an order and haven't received an acknowledgement, please contact the Sales office to confirm receipt of your purchase order.
