***Choose your required length in whole inches. *If you require a more specific length that is NOT on the whole inch, choose the NEXT HIGHEST whole inch, then use the specific cut length field for this purpose only. To avoid a delay in shipping, the quantity specified MUST reflect the actual total quantity of cut to length heatsinks required. Please DO NOT use the specific cut length field to order one heatsink, cut up into lengths.**

Product Description

Extruded Aluminum Heatsink

Alloy: 6063-T6

Width: 4.900"

Fin Height: 1"

Base: .300"

C/W/3": approximately 1.68

Weight per Inch: .25

All of our heatsink extrusions are sold by the inch. To order a more specific length, for example a length of 5.5", you would choose 6" and and indicate your desired cut length in the "Specific cut length" field above. If you have any questions, please give us a call or send us an email, we would be happy to assist you.
