Product Terms

LRI Piloting Services (1 Day- 1 Wave Glider - 24 Hours)

The Liquid Robotics Operations Center is staffed 24/7/365. Provided on a per-day basis, the LRI Piloting Service includes execution of the mission plan via the WGMS (Wave Glider Management System), monitoring of the Wave Glider, course changes, obstacle avoidance, alarm response, and coordination with in-field personnel during operations. The Operations Center can serve as Incident Command if required. Basic Mission Planning is required to be purchased along with this service.

Standard Mission Planning

Construction of mission plan for specific customer operation. Includes full analysis of environmental risk assessment, power management and summary report of expected performance. Setup of custom org for customer login is done in WGMS (if required).

Terms & Conditions

Liquid Robotics, Inc. ("LR") Terms and Conditions of Sale will apply to all Customer orders unless expressly agreed to in writing by LR. In the event that LR modifies its Terms and Conditions of Sale, the revision in effect at the time of order placement will apply. LR Terms and Conditions can be reviewed at <http://liquidr.com/resources/legal.html>. Please be advised that any changes, additions, or deletions to the LR Terms and Conditions of Sale will require LR contract review, and LR shall not be liable for any related delay. In the event any purchase order, sales confirmation or other purchasing form or document are used in connection with an order under this quote, then the terms of such form or documents are governed by this quote and the LR Terms and Conditions, and any terms which are inconsistent with, different from or in addition to the provisions of the LR Terms and Conditions shall be null and void and shall have no force and effect whatsoever unless otherwise expressly contemplated herein.

Note: We require a certificate of completion for all services.
