

# Glider Payload CTD

---

***Conductivity, Temperature and Pressure  
with optional Dissolved Oxygen***

## **Instrument Configuration:**

|                      |                           |
|----------------------|---------------------------|
| Serial Number        | <u>701-0164</u>           |
| Firmware Version     | <u>1.2.1</u>              |
| Baud Rate            | <u>9600</u>               |
| Interface Type       | <u>RS-232</u>             |
| Conductivity Range   | <u>0-7 S/m</u>            |
| Zero Conductivity    | <u>2641.10</u>            |
| Pressure Sensor      | <u>20 db, S/N 4384302</u> |
| <b>Maximum Depth</b> | <b><u>20 meters</u></b>   |
