

# Glider Payload CTD

---

*Conductivity, Temperature and Pressure  
with optional Dissolved Oxygen*

## Instrument Configuration:

|                      |                            |
|----------------------|----------------------------|
| Serial Number        | <u>701-0173</u>            |
| Firmware Version     | <u>1.2.1</u>               |
| Baud Rate            | <u>9600</u>                |
| Interface Type       | <u>RS-232</u>              |
| Conductivity Range   | <u>0-7 S/m</u>             |
| Zero Conductivity    | <u>2769.41</u>             |
| Pressure Sensor      | <u>20 db, S/N 10291303</u> |
| <b>Maximum Depth</b> | <b><u>20 meters</u></b>    |
