Subject: KS-2779 RT6-3000 and iWand

Dale,

I want to begin by thanking you for your continued interest in Sonardyne. As per your voice message, below is pricing for an RT6-3000. I have included the iWand which is needed, but I suspect you may already have.

The Release Transponder 6 (RT 6-3000) is a tough, reliable acoustic release transponder designed for a wide variety of subsea applications. It has full 6G capabilities, meaning that it can be tracked and released using all Ranger 2 6G USBL systems or a deck unit with remote dunking transducer. The maximum slant range for operation is dependent on the noise environment and topside used; however, ranges to 4,500 meters should normally be achievable.

Standard features include a Working Load Limit of 1,275 kg (at 4:1) and a spring-assisted release mechanism. RT 6-3000 is compatible with our standard tandem and high-load release frames. A Battery Disconnect Fob is located on the transducer and uses an internal magnetic switch to electronically disconnect the battery when not in use. RT 6-3000 is configured with our iWand hand-held acoustic transponder test and configuration device.

Should you require further information concerning this Quotation please do not hesitate to contact me.

With best regards,
Kim Swords

TERMS AND CONDITIONS OF QUOTATION:

1. This Sonardyne Quotation and any Purchase Order that is issued for Products or Services is subject to and in accordance with:
 - a. the terms of any existing Master Sales Agreement (MSA) the Customer has with Sonardyne governing the purchase of that Product or Service, or, if no MSA exists, Sonardyne's Supply of Products and Services Terms, a copy of which can be found at <https://www.sonardyne.com/terms/sales-usa/> or can be supplied upon request, as amended by the Terms and Conditions of this Quotation, and
 - b. applicable Product Specification(s) which can be found at <https://www.sonardyne.com/products.html> collectively called "Sonardyne Sales Terms"

2. All Purchase Orders placed against this Quotation must reference this Quotation Number and be subject to the Sonardyne Sales Terms. Purchase Orders are subject to acceptance by Sonardyne through issuance of a Sales Order Acceptance form. The prices in this Quotation remain valid for 30 days from the date of this Quotation.
3. Sonardyne reserves the right to withdraw or modify this Quotation without notice.
4. Prices quoted are in USD.
The prices quoted use a current exchange rate of USD1.37/GBP. The prices may be adjusted at the discretion of Sonardyne as a result of any movement of the actual exchange rate, published by OANDA, beyond +/- USD0.03 (the daily midpoint price of the relevant trading days) between the date of this quotation and the date of a valid order placement. Alternatively the Customer may, at Purchase Order placement, agree to purchase the products and/or services in GBP.
5. A delivery schedule for the Products and/or Services can only be confirmed upon receipt of the Purchase Order.
6. Prices quoted are Ex Works, subject to the Sonardyne Supply of Products and Services Terms:
 - a. Sonardyne Products: Sonardyne, Houston, TX, USA, and, if applicable,
 - b. Deployment machines: Oslo, Norway,
 - c. Gate Valves: Norway or Sweden (which will be confirmed on receipt of the order).
7. Prices are exclusive of any applicable taxes, levies, import or export duties or fees, which will be invoiced as applicable.
8. Any additional costs incurred, such as shipping, will be invoiced at cost +15%.
9. Products are supplied in Sonardyne standard export packaging, unless otherwise stated.
10. Prices exclude any specialist quarantine certificates, certificates of conformity or any special packaging requirements, which are chargeable in addition
11. Products may be subject to USA and other relevant export licence controls.
12. Products may include software (whether embedded in any Product or provided as a software package or otherwise).
 - a. Where this quotation refers to price in respect of software this shall be deemed to be a licence fee and therefore no transfer of ownership in any software, copyright and intellectual property rights shall be implied or given.
 - b. In the event of a Sonardyne engineer installing any software (whether at the site of the Customer or Sonardyne), it is deemed that the Customer has read and accepted the Sonardyne Sales Terms including the terms relating to provision of software.

All dealings and transactions between the Customer (and any of its representatives) and any Sonardyne company (and any of its representatives) MUST be in compliance with all applicable bribery and corruption legislation, including UK Bribery Act 2010 and US Foreign Corrupt Practices Act 1977. Sonardyne may require written assurances and evidence of compliance with the legislation.

The copyright and other intellectual property rights of any third parties which may be referenced in this Quotation are hereby duly acknowledged.
