

**DO NOT
place labels —
on this surface.**

This diagram shows the back of the HP LaserJet printer with the top cover removed. It illustrates the internal components, including the toner cartridge, the drum unit, and the paper path. The toner cartridge is located on the left side of the printer, and the drum unit is located on the right side. The paper path is shown entering from the bottom and exiting from the top. The diagram is labeled with various numbers and letters to identify specific components and their locations.

$$\begin{pmatrix} .421 \pm .010 \\ 10.69 \pm 0.25 \end{pmatrix}$$

3. Bareboard geometry displayed is for reference only, Gerbers define geometry.
2. This PCB Assembly uses:
 - 740-100-701-0A-P6 RevB PCB
 - 740-100-801-0A RevB Schematic
1. PCBA shall be manufactured in accordance with DSPL specification 792-225-006

All files related to this part, required by vendor for manufacturing, are located in:
