To whom it may concern

I would like to purchase a third license for VisualGDB Custom at the academic pricing for use here at MBARI. MBARI is a non-profit 501 (c)(3) oceanographic research institute. Please refer to our website for more information (www.mbari.org). These licenses will only be used by MBARI staff for research, publications and non-commercial or open source projects. We do not do commercial projects here at MBARI.

Thank you for your consideration in this matter.

Gene Massion
Research Engineer
