- 1) Cancelling the account disables the current SIM card and also cancels the current Iridium phone number. A handset can be reactivated but a new SIM card and new phone number will have to be issued. The monthly subscription fee is prorated...you only pay for days the account is active and the air time usage.
- 2) See page 6 for full details on the Iridium +1 Access optional feature
- 3) Covers calls from Iridium handsets or voice enabled devices to any PSTN telephone or cell phone.
- 4) Covers all CSD data usage.
- 5) Fee is for air time only. Voice mail itself is provided at no additional charge by JouBeh.
- 6) If dialing through to the Iridium Gateway in Tempe Arizona. Charges for caller would only be long distance to Tempe, AZ. Iridium air time fees are charged back to the Iridium account owner. Dial +1-480-768-2500, wait for prompt then dial 12 digit Iridium phone number you wish to call.
- 7) When dialing direct to Iridium account from PSTN all charges are applied by PSTN provider. NOTE: JouBeh Technologies has no control over those fees.

Lower your overall costs with optional methods of dialing your Iridium phone

When your office, HQ, friends or family direct dial your Iridium phone, the charges applied by the local phone provider can be very expensive. Costs generally start at \$5.00 per minute, and depending on your phone service provider can be much higher.

JouBeh Technologies can help you lower your overall costs and spread the air time cost between your Iridium bill and the caller with Two Stage Dialing and +1 Access.

- 1) **Two Stage Dialing:** spread the costs of calling you in the field between your regular phone provider and Iridium with Two Stage Dialing. Your caller dials 1-480-768-2500, then your 12 digit Iridium phone number. You are charged for air time at **\$1.85 per minute***, the calling party pays only for long distance to Tempe, Arizona, lowering the overall cost of the call. This option is provided at no extra charge by JouBeh Technologies and is available on ALL Voice plans, including JouBeh Pay-As-You-Go.
- 2) **+1 Access:** the +1 Access system lets your office/family/colleagues direct dial your Iridium phone as if it were a regular North American land line, and is available on ALL JouBeh Voice plans, including JouBeh Pay-As-You-Go. Similar to the Two Stage System except your callers simply dial a 1-480-XXX-XXXX (issued by JouBeh Technologies) and they are connected straight to your Iridium handset or voice enable device. They pay only the long distance to Tempe, AZ, and your airtime rate is billed at **\$1.90 per minute***. Please note that you still maintain your Iridium 12 digit phone in addition to the +1 number for direct calls from other Iridium subscribers. +1 Access is an optional extra and can be added to any JouBeh plan (except for D for Data plans) for an additional **\$5.80 per month**.

**Air time is billed in 20 second increments.*
