H6K PROTOTYPE(S) \$355.20

TOTAL INVESTMENT \$355.20

Note: Please review quote to ensure that all files and quantities are correct. We use our quote during the project development process and the items listed are the items built.

STANDARD TERMS & CONDITIONS APPLY TO ALL ORDERS

- PRICING IS CONTINGENT UPON RECEIPT OF PO FOR ALL ITEMS AS LISTED ABOVE BY MAY 10, 2023.**
- Quotation does not include any applicable taxes or shipping and handling charges.
- Payment Terms: RP: 100% due upon receipt, Castings: 50% upon order, 50% upon delivery, 20% cancellation fee plus all costs incurred prior to shipment
- ProtoCafe reserves the right to run parts in any color unless otherwise specified during the quoting process.
- Prices quoted do not include finishing or post processing unless otherwise specified.
- ProtoCafe is not responsible for checking parts to fit in assemblies before shipment.
- Prototypes are not intended for production use and ProtoCafe makes no warranty that part manufactured is fit for any particular purpose. It is the customers' responsibility to test and validate parts prior to use. ProtoCafe is not responsible for part use or misuse.
- ProtoCafe is not responsible for accuracy of CAD data provided by customers. Parts are printed directly from customer files.
- ProtoCafe is not responsible for fixing/preparing CAD data for printing unless otherwise specified in quotation.
- ProtoCafe requires STL files for prototype and production services. We will convert non-STL files for customers, but our process requires that we run a diagnostic process to ensure that files do not have errors that can lead to failed builds. The diagnostic process may make assumptions in order to fix issues with CAD. ProtoCafe cannot be held liable for assumptions made by the import diagnostic tool.
- ProtoCafe is not responsible for late shipments due to unforeseen situations with shipping company.
- All requests for returns/credit must be received by ProtoCafe within 5 days of receipt of product.
- If ProtoCafe is subpoenaed or compelled by a court to provide trial or deposition testimony, documentation, or discovery in a legal proceeding relating to the customer where ProtoCafe is not a party to the claim, customer will indemnify ProtoCafe and reimburse ProtoCafe for responding to the order. These costs are currently in the amount of \$400/hr for discovery, document search, and production, \$800/hr for testimony.
- Patterns/Molds have a shelf life or may get damaged during the casting process. ProtoCafe reserves the right to dispose of them accordingly.
- Patterns/Molds are non-deliverables and proprietary to ProtoCafe.
- Specialty material fees are not included in the pricing of the parts unless otherwise specified by a Material Fee line item.
- Parts cannot be rejected due to color unless color matching was specified during the quoting process and the quote contains color match fees.
- Placing your order with ProtoCafe confirms your acceptance to our standard terms and conditions. These terms and conditions take precedence and override any more restrictive terms that may be present in a customer purchase order. No clause in customer purchase order may override our terms and conditions.
- Preapproved Customers: To avoid additional penalties, payment is due upon receipt of the invoice, and becomes delinquent if payment is not RECEIVED by ProtoCafe within 30 days. SUBSTANTIAL PENALTY CHARGES WILL BE ASSESSED against delinquent accounts.
