

118000 - Safety Office - LSO activity

Week 51

1. Denis Klimov
 - a. We have initial release of the procedure for disinfecting / cleaning optics, electronics, PPEs (laser safety goggles). This goes under the category of lab specific procedure.

Week 50

1. Denis Klimov
 - a. We initial release of the procedure for disinfecting / cleaning optics, electronics, PPEs (laser safety goggles). This goes under the category of lab specific procedure.

Week 48

1. Denis Klimov
 - a. Compiling a report on a procedure for cleaning and disinfecting optics, electronics, and PPE

Week 46

1. Denis Klimov
 - a. Working on a procedure on disinfecting optics and electronics.

Week 45

1. Denis Klimov
 - a. Working on a procedure for a lab-specific cleaning and disinfecting method (Laser Lab)

Week 44

1. Denis Klimov
 - a. Revising procedure for DeepPIV use on ship's deck

Week 43

1. Denis Klimov
 - a. Documenting feedback on running LIDAR in Test Tank

Week 42

1. Denis Klimov
 - a. Reviewing action items for lab A283 conversion into Class 4

Week 40

1. Denis Klimov
 - a. Assisted Dave Caress group with revised TWA on issues of combined use of laser PPEs and masks; and goggles disinfection; reviewed LIDAR run in Test Tank

Week 38

1. Denis Klimov
 - a. Another round of testing LIDAR in the test tank and we are trying to figure out how to use laser safety goggles together with face masks, and avoid fogging.

Week 37

1. Denis Klimov
 - a. Reviewing new lasers in A284, and working on new laser targets

Week 36

1. Denis Klimov
 - a. Reviewing new laser wavelengths for the laser lab

Week 21

1. Denis Klimov
 - a. Editing sections connection for revised DeepPIV handbook use on ships

Week 20

1. Denis Klimov
 - a. Safety office meeting about restructuring handbook on DeepPIV use on ships

Week 19

1. Denis Klimov
 - a. Revising/ Restructuring laser safety document for DeepPIV use on ships

Week 18

1. Denis Klimov
 - a. Looking into shorter version of the laser safety document for DeepPIV ship operation

Week 17

1. Denis Klimov
 - a. Working on short version of DeepPIV laser safety document for ship use

Week 11

1. Denis Klimov
 - a. We have updated procedure for Laser Lab A283 access, with addition of 'participant' level personnel access, needed for several people to work on assembling a new DORISS instrument

Week 9

1. Denis Klimov
 - a. Revising laser safety protocol for RAMAN group to include tech level users in order to work on building DORISS II instrument
