

300062 - DMO Support Doc Ricketts

Week 48

1. Kevin Gomes
 - a. More dataprobe updates. Changed dataprobe so that it reads the font size from the JSON config and sizes everything based on that. Also fixed one bug and implemented improvements requested by pilots

Week 46

1. Mike Risi
 - a. Working on AccuPositioner pan and tilt integration

Week 25

1. Mike Risi
 - a. Telemetry upgrade meeting

Week 24

1. Rich Schramm
 - a. Document existing Navproc/SMD telemetry strings

Week 21

1. Rich Schramm
 - a. Begin work on new Xojo Dataprobe for Western Flyer
