TITLE: Customer Part Marking Requirement Sheet

Customer Instructions:

This form must be completed and returned with the purchase order. If this form is not returned, then the most recent form on file with ODI shall be used.

Select Yes or No for all items under marking requirements, then sign and date below.

ODI will always mark an ODI serial number and any additional marking specified on the assembly drawing, in conjunction with the following:

Marking Requirements:

	Yes	No
Customer Name:	☐	☐
If YES, mark name as:		
Customer Part Number:	☐	☐
Customer Revision Level:	☐	☐
Customer PO Number:	☐	☐
Customer PO Line Number:	☐	☐
Customer Serial Number: <i>(In Addition to the ODI Serial Number)</i>	☐	☐

Additional Marking:

Approved By: _____ **Date:** _____

(This section to be completed by ODI)

Customer Order #: _____

Project Manager: _____

Marking Instructions:

The above information is to be labeled or engraved on all deliverable assemblies where shown on the assembly drawings. The specific information is to be retrieved from the documentation attached to the customer order at the time of labeling.

All deliverable connectors will be marked per Teledyne standard shown below:

Marking Item	Frequency
Teledyne ODI Part Number	always
Teledyne ODI Serial Number or Batch Number	always
Customer Part Number	if available
Customer Part Number Revision Level	if available
Customer Purchase Order Number	if available
Customer Purchase Order Line Number	if available

Custom marking is available with price and delivery adjusted accordingly. Connectors will be marked as above unless the *Customer Part Marking Requirement Sheet* is received with the purchase order. In cases where custom marking requirements are received after the purchase order has been issued, a new quotation and amended purchase order will be required.
